LOGAN ROBERTS

(336) 425-5772 | logancroberts@outlook.com | https://lcroberts.dev
https://github.com/lcroberts

Passionate computer science student with a strong drive to learn. Curious and continually seeking to know more and gain useful skills. Good written and oral communication skills.

CERTIFICATIONS

- AWS Certified Developer – Associate - July 2023

WORK EXPERIENCE

AUGUST 2021 – PRESENT
MEMBER SERVICES, TOM A FINCH YMCA

- Created a welcoming environment for new and existing members.
- Perform a wide variety of tasks while making members feel welcome.
- Evaluate members needs and proactively assist them by recommending them events and activities they might be interested in.
- Clear and effective communication to other employees and members alike.

EDUCATION

EXPECTED GRADUATION MAY 2025
COMPUTER SCIENCE, BS,
UNIVERSITY OF NORTH CAROLINA AT GREENSBORO
Current GPA: 3.97/4.0
Honors and Awards: Have maintained a position on the Chancellor's list since I got enough semester hours in spring 2022.
Relevant Coursework: Programming in java, python and C, knowledge and implementation of fundamental data structures, basic computer architecture, knowledge of fundamental computer science concepts, software engineering, and extensive use of source control.

SKILLS

- Programming in Java, Python, and C.
- Deploying and managing simple cloud resources.
- Development of simple UI's
- AWS
- Approximating algorithm and data structure performance.
- Experience with git
- Linux and Bash

ACTIVITIES

- Manage a VPS on which simple services such as game servers and web servers are deployed. Involves basic system admin activities and security considerations, as well as fundamental networking knowledge.
- Use of the Linux operating system as my primary OS, using it as a platform to tinker, and a tool to learn more about how operating systems work.
- Often help explain things to classmates who are struggling to understand computer science and programming concepts.
- Continuously teaching myself how to use new tools and new ways of doing things.
